

AN INVITATION

Sunsuper employer seminar

Each year we provide an employer seminar highlighting business issues relevant to today's commercial climate.

This is an invaluable opportunity to be updated on the current factors that may have an impact on your business. Key people like you are invited to join us at one of our free seminars.

Specific topics to be discussed by Sunsuper, the ATO and the Chamber of Commerce and Industry Queensland include:

- Superannuation tips and traps from the ATO
- Award Modernisation – what the new award system will mean for your business
- New Information required on PAYG payment summaries from 1 July 2009
- A Sunsuper update including important information announced in the 2009 Federal budget

Don't miss the opportunity to find out about these issues – and more – that are now front of mind for many employers in the lead up to the end of the financial year.

We look forward to seeing you there.

Dave Murgatroyd
Regional Manager, Sunshine Coast

A seminar is on near you.

We will be serving light refreshments, and you will have time for questions.
